

## THE COMPANY'S ENVIRONMENTAL OBJECTIVES

Wordsworth Excavations Ltd.'s is committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and we will strive to use pollution prevention and environmental best practices in all we do.

We will: -

- Integrate the consideration of environmental concerns and impacts into all our decision making and activities,
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner,
- Train, educate and inform our employees about environmental issues that may affect their work,
- Reduce waste through re-use and recycling and by purchasing recycled, recyclable or re-furbished products and materials where these alternatives are available, economical and suitable,
- Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non-renewable,
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of,
- Purchase and use environmentally responsible products accordingly,
- Where required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programmes,
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it,
- Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy considering our current and planned future activities.

## Management Responsibilities

The Company's **Managing Director** will have overall responsibility for the management of all work activities that relate to the environment and will: -.

- Ensure that work activities are planned to reduce any adverse effects on the environment.
- Ensure that other employees either engaged to manage work activities or carry them out do so in a manner that will have the least adverse effects on the environment.
- Ensure that all applicable persons are kept up to date with any changes in legislation that may have an impact on their work activities and actions in respect to the environment.

Should any employee have any concerns or issues in respect of how the Company manages its work activities so that it does not have an adverse or long term impact on the environment, a Company Director will always be available to discuss these with them. Should changes be required these will be implemented as soon as possible.
